

## ***Save the Weekend!***

JTS Gladstein Conference  
Friday February 2nd-4th, 2018

### ***The Betzalel Effect: Inspiring Deeper Jewish Engagement Through Imagination, Play, and the Arts***

This year's Gladstein conference will feature workshops with artists, educators, and thought leaders who successfully engage Jewish community through imaginative and unconventional means. We will explore how qualities that artists cultivate such as spontaneity, flexibility, and creativity can generate a deeper connection to Jewish life in our communities.

For the weekend we will welcome past Gladstein Fellows Rabbis Corey Helfand, Adam Baldachin, and Emily Barton along with representatives from the growing family of congregations who are part of this innovative program.

Some conference sessions will be open to members of the CSAIR community. If you would like to help plan the weekend, host some of our guests, or just find out more, [Contact Gladstein Fellow Rory Katz.](#)
